Posposed Study Programme to be Undertaken:

Program Applied for	Bachelors /Undergraduate
Major Discipline	Engineering & Technology
Subject of Study	Computer and Information System Engineering

Title of Research Proposal
Application of Artificial Intelligence and Machine Learning in Healthcare Systems

Statement of Purpose

From a young age, I have been fascinated by how technology can solve complex problems. My passion for combining computer science, engineering, and biology has inspired me to pursue a career in healthcare technology. I am strengthening my math foundation through the University of the People to support my study of algorithms, AI, and data-driven systems. Zhejiang University offers world-class faculty and English-taught programs that align with my goal to specialize in AI for healthcare.
